The farm home at Metz Farm where this sale is being held.

This sale was started a year ago. At that time we set forth clearly our aims and objectives. Those who attended our 1954 sale were not disappointed. The quality was everything we said it would be.

The cattle in last year's sale didn't sell at record prices, but they brought good steady prices and were distributed into strong hands over a wide area. The top ten averaged \$833. Spurred on by a good reception, as soon as the sale was concluded, the herds consigning met and resolved to bring back an even better group for 1955.

Although each of the five herds started with a select group of the very best foundation females, all of them have grown to a size where there is a good selection. We have accepted only the tops from each herd, and together it makes an offering that will compare favorably with the best anywhere.

We have all invested in good herd bulls. The pedigrees are the kind that insure top performance, the cattle back them up. We have all been heavy buyers of Mathers bred and Mathers imported animals, so the tie-in the day following the Leveldale Sale is a natural.

Speaking for all of the herds, I bid you welcome.

THORP METZ.

## Terms and Conditions

Leveldale Ceasar, many times a grand champion for Leveldale in 1954, and now in service at Leveldale. He is a son of Elvin's Heir, senior herd bull at the Metz Farm.

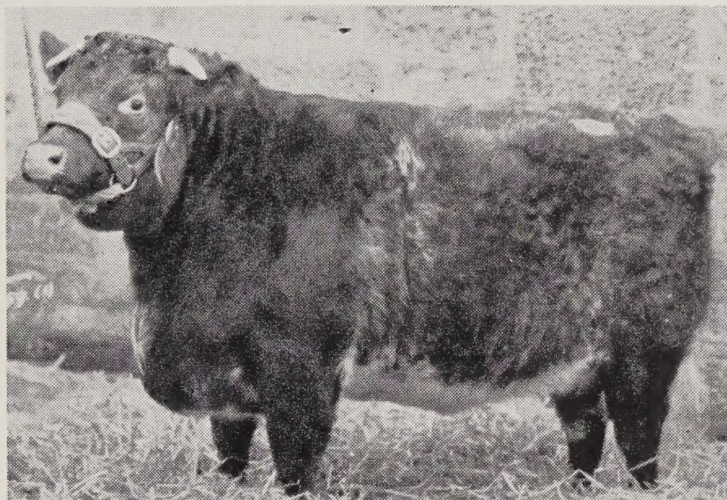

**Health**—The five herds participating in this sale are all under Federal supervision for Tuberculosis. A 60 day retest for Tuberculosis will be allowed. Calf-hood vaccination for Bang's is also practiced in all five herds. Health certificates will be furnished that comply with the rigid health regulations of the State of Illinois.

**Guarantee**—All cattle will be sold under the standard guarantee adopted by the American Shorthorn Breeders' Association. This guarantee, printed in full elsewhere in this catalog, will form a contract between the buyer and seller of each lot. The sale manager was retained for sale promotion purposes only and is in no way responsible for the fulfillment of guarantees, the handling of the cattle or the condition of the premises. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale without trouble to the purchasers, but cattle will be at buyer's risk as soon as bid off. Every precaution will be taken to see that animals arrive in sound and healthy condition.

**Terms**—The terms of this sale are cash unless arrangements are made in advance. All settlements must be made with the clerk of the sale immediately at the conclusion of the auction and before the animals are removed.

**Liability**—The above guarantee and terms shall constitute a contract between the seller and the buyer of each lot. Neither the clerk of the sale, nor the individual designated as Sale Manager assumes any liability, legal or otherwise. Where footnotes appear in this catalog they were furnished by the owner. We will not be responsible for any accidents that may occur, but will make every effort to provide for the comfort and safety of our guests. Accidents at cattle sales are rare, but every person attending must do so at his own risk.

The 1955 Perth, Scotland, supreme champion female, Craiglassie Rosewood Peach by Craiglassie Welcome. Purchased by Elmcrest Farms. The herds selling cattle in this sale have been consistent buyers of the very best females.

This high quality offering is the result of taking the very best productions from each of five excellent herds. It is a grand gang to work with, and among themselves they have developed a spirit of friendly competition to see who can supply the sale tops.

There can be no question but that the good reception accorded the cattle in the first Metz Invitational last year, made it much easier for me to persuade the owners to put in exactly the cattle I wanted. I wish more sales of this kind could be developed. The cattle in this sale could help you accomplish this in your community. They are the right kind and are royally bred. A glance at the reference bulls indicates readily that these breeders believe in owning the right stock bulls.

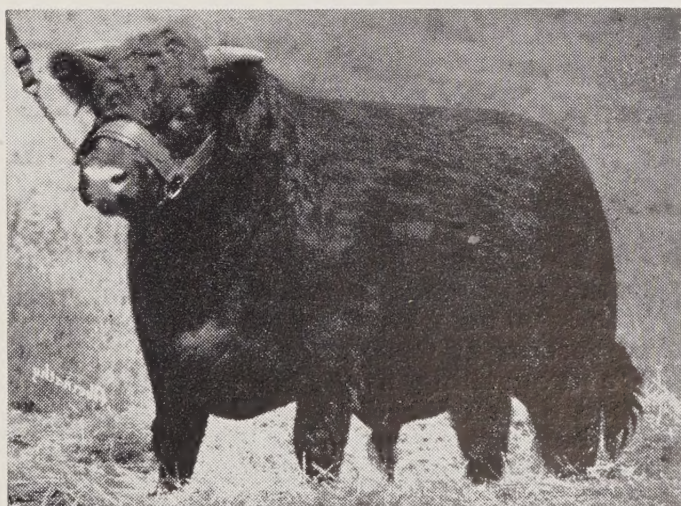

This sale is a natural for you to attend. It is the day following the Mathers sale.

HAL LONGLEY  
of The Shorthorn World.

## An Important Sale Circuit

150 head of top Shorthorns will sell in these three auctions. These cattle are offered by leading breeders in the leading Shorthorn state. We will gladly cooperate in assembling cattle purchased in the three sales.

**Elvin's Heir**—Senior herd bull at Metz Farm. Recognized everywhere as one of the top breeding imported bulls currently in service in any herd. His first son was Leveldale Ceasar, many times a champion for L. E. Mathers & Son and now in service in the Mather's herd. Three sons in last year's sale averaged \$750. We are selling five sons this year and six daughters. Those who appreciate good Scotch breeding need no elaboration on this pedigree. His dam is one of the best cows you will ever lay eyes on. The calves by Elvin's Heir are noted for their ruggedness, great heads, deep bodies, and great hind ends. We have turned down many attractive offers to sell Elvin's Heir and are keeping a large number of his daughters.

**M F Ben Lomond**—A son of Cromley Bank Ben Lomond that is being retained at the Metz Farm as a herd sire. He is out of a daughter of the white imported-in-dam bull we had at the farm and that was admired by everyone. Wherever shown or sold they have stood well up and have gone into strong hands. This bull has now proven himself a potent sire beyond any doubt. His calves have great heads, smooth, thick, deep bodies, with lots of natural fleshing. The 1955 Elmcrest show herd, one of the strongest in their history, is filled with his sons and daughters. His dam which we lost was a consistent producer of good cattle. Her first calf was Cruggleton Albert that sold very well in the 1948 Leveldale sale to Paul Aldinger of Iowa. Elmcrest Golden Mary—This is a good young cow of a nice even flesh and type. A little crooked on her front legs but this does not hurt her. She has had a calf and we have just weaned it off. We had not figured on selling her due to this, and she will not be overfat. Her calf is young and she is just up to a rebreeding date. Breeding date will be announced on sale day.

**Breeders Association**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller.
